FARM FRESH COUNTRY DAIRY MILK PRODUCTS

What's Unique About Country Dairy?

1. It's a family owned dairy farm that processes its own milk and ice cream.
2. It provides the freshest milk possible for you to buy in the Ludington Stores.
3. It's the freshest milk on the market because as an on farm dairy it can process and distribute milk the same day that it comes from the cow.

We want you to be convinced of our quality. We believe if you try our milk you will never want to switch again.
